HEAD OF COLLEGE WELCOME

Welcome to the 2023 annual Tower Art Show hosted by Marist College Ashgrove. This is a wonderful social occasion for our College as we celebrate the Arts and generosity within the Marist College Ashgrove family.

We recognise the many Brisbane Artists who will showcase their works during this weekend of Friday 19 May – Sunday 21 May 2023. This year, we acknowledge our feature artist, Zac Moynihan, a Marist College Old Boy who graduated in 2005. We also recognise our student works which are on display and congratulate the boys on their ingenuity.

This community event brings together not only the Marist family but the wider Ashgrove and surrounding community. We sincerely welcome all visitors to Marist College Ashgrove and we trust that you thoroughly enjoy the artists' works, collegiality and friendships associated. Marist College Ashgrove has an eighty-three-year history, heritage and culture which we hope you enjoy experiencing. We are certainly proud of the many past students who have left the gates of the College making a positive contribution to our community.

May I take this opportunity to thank our Tower Art Show organisers and sponsors. Thank you, committee members, Clare Mapledoram, Jo Russo, Sam Matthews, Jodie Vickery, Amanda Lane and Katie Falcnik. INTERVIEW WITH FEATURE ARTIST, ZAC MOYHIHAN

FEATURE ARTIST

TELL US A LITTLE BIT ABOUT YOURSELF

My name is Zac, I'm a Marist Old Boy from 2005. I'm currently a music teacher at various schools around Brisbane. I'm into painting, making music, spending time outdoors and good beer.

WHEN DID YOU START PAINTING?

I started painting around 7 years ago, following along to Bob Ross on Netflix. Since then I've been diving down the rabbit hole of fine art making!

DESCRIBE YOUR STYLE AND HOW YOUR PAINTING HAS EVOLVED

I've been heavily influenced by the traditional techniques found in paintings from the 18–19th Century. I've found my style has evolved over time due to my time spent Plein air painting (painting on location). This was popularised by the French impressionists with the advent of the paint tube. The Heidelberg school of Australia (Streeton, McCubbin, Conder, Roberts and co) were big proponents of painting outside and I believe this is an essential process to develop truthfulness in both style and representation of art.

WHY DO YOU ENJOY PAINTING?

I've always been attracted to visual beauty. I developed a great appreciation for practice and skill development through my journey learning music. Painting shares similar ideals to music; creativity, patience and discipline all go into making a great picture. The necessity to observe in depth while painting outside has taught me to see with greater focus and this has deepened my appreciation for the natural world around us.

Protect your teeth.

Why should you wear a mouthguard?

- 1 Cushions**
your teeth from impact
- 2 Reduces**
the risk of injury to the soft tissue
- 3 Reduces**
likelihood of concussion by absorbing shock
- 4 Protects**
your jaw joint

Professional vs "boil & bite" mouthguard

Have you ever worn a store bought "boil & bite" mouthguard?

Once you have tried a professional mouthguard, you'll never look back!

They are custom moulded to your mouth resulting in increased comfort and superior protection—working hard to keep your teeth where they belong!

Tooth Dental would like to offer a special mouthguard promotion

No gap payment for custom made mouthguards or

\$90

With no health fund (usually \$190)

The mouthguard can be claimed on private health insurance. Simply bring this voucher in to claim this offer.

WHAT INSPIRES YOU?

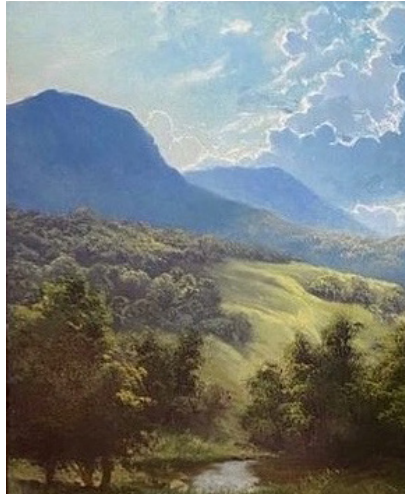

The natural world serves as an endless spring of inspiration for me. I'm starting to develop my portrait painting skills too, which I think will be another deep rabbit hole to dive in to.

WHAT ARE SOME HIGHLIGHTS OF YOUR ARTISTIC CAREER?

Winning the Doyle's Landscape Painting award last year and having a successful debut solo exhibition at the start of this year have been great boosters to my confidence and have helped establish a firm base for me to grow from. I'm looking forward to showing with the Tower Art Show group and a group show with Mitchell Fine Art later in 2023.

WHAT IS YOUR DREAM GOAL OR FUTURE PROJECT?

I'd love to paint larger! I have a few project ideas which I'm keeping pretty tight-lipped about at the moment but they do involve going big. I think the dream is to be able to support myself by painting and living somewhere out of the city among nature.

THE CHAMPAGNAT TRUST

The Champagnat Trust funds financial bursaries for boys to attend Marist College Ashgrove. This is the Trust's sole purpose. When someone enters the gates of Marist College Ashgrove – as a student, parent, guardian, teacher, old boy or friend – they become part of a family community. The Trust wants that community to be as large, diverse and socially rich as practical. Bursaries contribute to the community by providing financial assistance to families who may not otherwise be able to afford a Marist education. Bursaries are awarded solely on financial need.

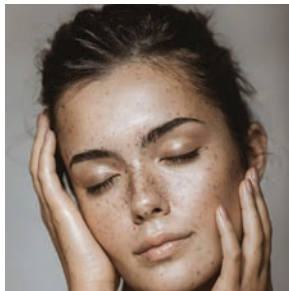

Proceeds raised from the Tower Art Show contribute to growing that family by helping fund bursaries for more boys to attend the College.

The Champagnat Trust sincerely thanks the artists, supporters, donors and organising committee for all of the time, effort and resources put towards making the 2023 Tower Art Show a great success and contributor to the Marist family.
